RE: Docket No. RM2017-3

Dear Commissioners:

We join the National Catholic Development Conference (NCDC), the Alliance of Nonprofit Mailers, and the nonprofit mailing community in urging you to reconsider your proposal to increase postage rates several times the rate of inflation. Increases that are estimated to reach 7 percent a year, or 40 percent compounded for five years, will not reform the United States Postal Service and will have a major negative impact on both the agency and its customers.

As a nonprofit, we rely on mail for the majority of our fundraising. But we operate on a limited, fixed fundraising budget each year, so if postage goes up as much as you contemplate, we will be forced to greatly reduce our mailings. This will have a disastrous impact on our revenue and our mission.

Our mission is to respond to those whose faith life and human dignity are threatened.

Postage increases totaling 40 percent over the next five years impact on our mission and the people we serve. We may have to move to more e-mail solicitation, rather than the more personal mailed letter. This will not only harm us, it will contradict what you are trying to do by raising prices.

Please do the right thing and reconsider your proposal.

Sincerely,

*S. Anita Henning, CSA*
